

rtc_get_time

```
graph LR; A[rtc_get_time] --> B[rtc_read_output]; B --> C[util_sys_inb];
```

A flowchart illustrating a sequence of three operations. The first operation, 'rtc_get_time', is contained within a gray rectangular box. A blue arrow points from this box to the second operation, 'rtc_read_output', which is in a white rectangular box with a black border. Another blue arrow points from the second box to the third operation, 'util_sys_inb', also in a white rectangular box with a black border. The boxes are arranged horizontally from left to right.
